

See [giantloopmoto.com/warranty](http://giantloopmoto.com/warranty) for complete warranty details.

1

Turn Garmin inReach on and confirm satellite reception according to manufacturer's instructions. Slide clip on rear of Garmin inReach into the webbing pocket as shown.

2

3

Overlap hook-and-loop straps to secure Garmin inReach to holster.

4

Close red webbing strap to close. Always double-check all hook-and-loop straps and proper function of Garmin inReach before attaching Tracker Packer to rider or vehicle.

#### ATTACHING TRACKER PACKER TO BACKPACK

Wrap 2" hook-and-loop band around backpack strap, placing Tracker Packer on top of shoulder in horizontal position for optimal Garmin inReach signal. Add nylon cord or zip ties through grommeted webbing loops on Tracker Packer as tethers and back-up attachments for maximum security.

Use included hook and loop extension strap to attach Tracker Packer around upper arm or other locations where an extension may be necessary.

We donate a portion of every Tracker Packer™ sale to the Kurt Caselli Foundation!
